

Juan Pablo, Full Stack Developer

PROFESSIONAL PROFILE

02

Full Stack Software Developer with experience in creating scalable web and mobile solutions using technologies such as NestJS, Next.js, React.js, TypeScript, and PostgreSQL. I stand out for my ability to lead projects, work in teams, and solve complex problems through critical thinking and innovation. My goal is to add value to the company's growth by developing efficient, secure, and user-centered digital products.
